## Who are we ?

The religious movement of THE SERVANTS OF THE DIVINE MERCY is inspired by the spirituality of Saint Faustina's, who was canonized by John Paul II on 30th April 2000. ## Just a Few Testimony

- As to personify this « Blessing of Illumination » the message of Saint Faustina for our world, one of us gave the following testimony:

*« I thank God for this week-end, i was praying Saint Faustina, due to some eyesight problems I have. Some lightning, that used to appear in my eyes, stopped to disturb my eye sight, and all the sudden my eyesight became very clear!!! May the Lord continue what he started in me, Amen »*

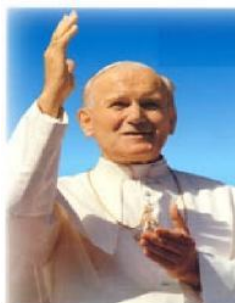

- The definition of the Divine Mercy:

*« A Heart that is sensitive to misery. ».*

*This the sentence that I remembered most. I was not making the connection with Jesus, and at that moment, The Christ has spoken to me. And, looking at the painting, Jesus gave me his hand, telling me these kind words: « Hello...Here am I". He touched me deeply in my heart, and recovered from an emotional injury that was from The Christ. I found the Inner Peace. »*

- A l'issue de l'Eucharistie:

*« While contemplating the painting, The Christ feet reminded me this Word of God: « The feet of the messenger of Peace are no beautiful », and i pray for each of my children: « My Lord, I trust you » (I was suffering from insomnia) and it is a an anointing of blessing as if I was full filled, Amen ! »*
